New Managing Director at Interket A/S

Mr Kim Hansen has been appointed new Managing Director for Interket A/S in Denmark and will start on the 4th of March.

With extensive leadership experience from companies such as Bording, Grundfos and Mercuri as well as a strong knowledge within the label industry from his previous position as Managing Director at Flexiket A/S, Kim is very well equipped to lead our team through this next exiting phase in Interket A/S development.

Mr Brian Kluge has chosen to leave Interket in order to search for new challenges outside the group. We sincerely thank Brian for his comitment and professionalism, which has contributed to the positive development during the last year. We wish Brian all the best in the future.

For further information please contact Carl E Parkander at ceparkander@interket.com or tel: +46 709 586 589.

Best regards,

Carl E Parkander
CEO
